

Aruba

Dutch influence still lingers on this balmy Caribbean island, part of the Netherlands Antilles until its independence in 1986. Aruba is a contrast, the island's arid interior is dotted with cactus and windswept divi-divi trees while secluded coves and sandy beaches form its coast. Aruba's long and colorful heritage is reflected in its dialect. Called Papiamentu, it is a tongue that combines elements of Spanish, French, Portuguese, Dutch, African and English.

1 California Lighthouse

Perched on a high elevation and named after the "US California", which sunk off the coast of Aruba, the lighthouse was built in 1910, and offers stunning views of the island and coastline.

2 Oranjestad

Oranjestad, Aruba's largest port, is also the island's capital and offers the best shopping experience on its main street, but is also known for it's impressive Dutch Colonial architecture.

3 The "Antilla" Shipwreck

The 400 feet long "Antilla" is one of the Caribbean's largest shipwrecks and also one of its most popular attractions. It was sunk during World War II and is home to many kinds of exotic sea life.

4 Natural and Baby Natural Bridge

The Natural Bridge and Baby Natural Bridge are two stunning rock and coral formations. The Natural Bridge fell into the sea in 2005 but the smaller bridge remains a must-see island highlight.

5 Ayo and Casibari Rock Formations

This dramatic formations are shaped by boulders, some the size of small houses and weighing several tons. Arawak Indians would visit in order to hear incoming thunderstorms and draw on the rocks.

6 Arikok National Park

Aruba's National Park is home to spectacular cacti, flora and fauna that flourish in this desert-like environment. Along with the wind-swept divi-divi trees, wild donkeys and iguanas also live here.

7 Beaches

Aruba is famous for gorgeous, palm-tree lined white sandy beaches which are home to calm and clear waters, making for a perfect location for swimming, snorkeling and sunbathing.

8 Butterfly Farm

Aruba's Butterfly Farm is home to hundreds of exotic butterflies who fly freely within large meshed enclosures. Witness all stages of their life cycle and with guidance, handle these tiny creatures.
